IMPERIAL BEACH

CLASSIC SOUTHERN CALIFORNIA

Located in San Diego's South Bay region, and the southernmost beach town in California, Imperial Beach is just five miles north of the Mexico border, and includes a 4-mile stretch of beach offering a host of activities including great surfing, sport fishing, beach volleyball and horseback riding along the coast. The Imperial Beach pier provides sweeping views of the Los Coronados Islands and is a popular spot for strolling, pier fishing and watching the sunset. Imperial Beach is connected to Coronado by way of the Silver Strand, a narrow, 7 mile long isthmus, popular for camping, bird watching and bicycling.

With ample parking and restaurants and retail shops in close proximity, one can pick up a quick picnic lunch or dine in a restaurant with an ocean view. Two beach front parks, Dunes Park and Pier Plaza, offer grassy expanses, playgrounds, picnic tables, barbecues and more - all with an ocean view. There's a host of annual events to entertain including free fish derbies, triathlons and the annual Sun & Sea Festival featuring elaborate, awe-inspiring works of (temporary!) sandcastle art. Other art in the area includes the

Surfboard Museum, an outdoor public art project exploring the history of surfing in Imperial Beach.

The Imperial Beach Pier is a regional attraction and widely recognized landmark for the City of Imperial Beach and Port of San Diego, and is a key part of the city's downtown and economic vitality, which has gone through a revitalization with a new hotel, restaurants, and retail.

The Port of San Diego and City of Imperial Beach are making a series of improvements to the iconic Imperial Beach Pier to activate and beautify it. The goal of these enhancements is to encourage people to come explore and enjoy the pier, experience its ocean and fresh air amenities, sights, and pleasures, and partake of the many services and offerings of the nearby oceanfront restaurants and businesses.
