PROFILE

Harrison Hall is a Research Associate with Lee & Associates Greenville/Spartanburg, where he works closely with the brokerage team to research market activity, organize and analyze property data, and develop insights that help clients and colleagues make well-informed commercial real estate decisions.

Before joining Lee & Associates, Harrison worked in commercial real estate underwriting, advancing from Underwriting Analyst to Senior Underwriting Analyst at Armada Analytics. He also gained accounting experience as a Staff Accountant with Logo Brands and began his commercial real estate career as a Leasing Agent with Allied Realty & Development. This mix of underwriting, accounting, and leasing experience gives him a well-rounded perspective on commercial real estate.

Harrison earned a degree in finance from The University of Alabama where he was a member of the Real Estate Club. Outside the office, he enjoys spending time with family and friends, playing golf and pickleball, traveling, and volunteering at his church.

EDUCATION

- University of Alabama - Bachelor of Science, Finance
