

### OFFICE MARKET OVERVIEW

CHRIS LEWIS, *Managing Principal*

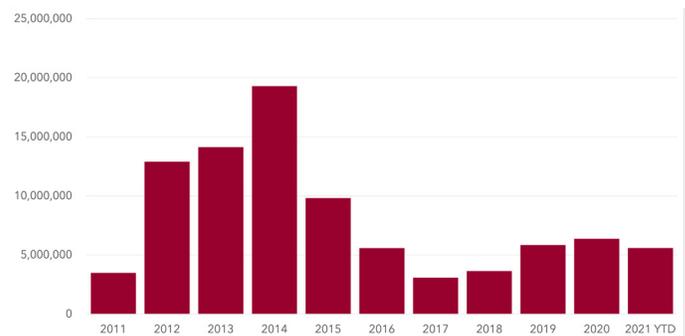

Extraordinary opportunities exist today for both landlords and tenants seeking to capitalize on the fluidity of a dynamic marketplace. The perfect storm of higher energy prices, landlord concession packages, renovated assets, and the overall work-from-home excitement waning; has established marketplaces where pent-up demand is finding a wide variety of well positioned supply in the market. Competition remains steep, but Landlords that understand how to attract the consumer of today with exciting work environments and creative economic structures will be successful in navigating through the immediate future and capturing cash flow for the investor. Tenants that are ready to commit to long term leases, will be rewarded with immense concession packages which will benefit them in the long run.
